PROFESSIONAL EXPERIENCE

Freelance AI Video Creator & Content Producer
Fiverr, Level 2 Seller | 2025 – Present

- Deliver complete AI videos end to end: concept, script, prompt design, generation, voiceover, editing and platform-ready export.
- Completed 71 orders with 55 reviews and a 5.0 rating, creating AI story videos and UGC-style ads tailored to each client's goals.
- Keep characters, outfits and scenes consistent from shot to shot, so multi-scene stories and films look like one cohesive production.
- Combine Google Veo, Seedance, ElevenLabs, Higgsfield and CapCut, choosing the right tool for each stage.
- Format and edit each video for its platform (vertical short-form for TikTok, Facebook and Instagram; widescreen for YouTube).

Earlier: Graphic Design & Digital Content
Began in Photoshop and visual design, building the composition, colour and storytelling skills that now shape my AI video work.

OWN CHANNELS & ORIGINAL SERIES

Independent AI short-form creator on TikTok, Facebook and Instagram
My first long-form YouTube video (5 minutes) reached 160K+ views. I also run original AI-generated series, handling prompts, voiceover, sound effects, captions and posting myself.

SELECTED PROJECTS

The Ash Phoenix — 5-Minute AI Fantasy Short Film
Created a full cinematic short built entirely with generative AI tools, from storyline to final cut.

AI Fruit Story Series — Client Projects
Delivered two AI-generated story videos for clients, covering concept development, generation, storytelling and final production.

AI UGC Advertisement — Social Media Ad
Produced a UGC-style AI advertisement designed to feel native on social feeds and ready for paid and organic marketing use.
